

YEAR IN REVIEW 2015 - 2016

A blue silhouette graphic at the bottom of the page depicts a city skyline with various buildings and a prominent tower, set against a background of stylized mountain peaks. The mountains are shown in two shades of blue, with the foreground peaks being a darker blue and the background peaks being a lighter blue.

The BC Tech Association (BC Tech) is guided by a mission to **Make BC the best place to grow a tech company.** For more than 20 years, we have helped to grow our province's tech cluster of more than 9,000 companies that employs over 90,000 people, and now outpaces the resource industry in terms of economic contribution and employment in the province.

As a platform to grow the tech ecosystem in British Columbia, we are guided by our core values: Be of Service, Succeed Together, and Pay it Forward.
