

Happy Holidays from BC Tech!

On behalf of BC Tech, I would like to wish you and your team the very best of success in 2025!

As we wrap another year, I would like to thank our members, our partners and our BC Tech Board of Directors for their contributions to BC Tech & our mission.

This year, we celebrated many of the great success stories in our industry at the annual TIAs gala. I would invite you to read our annual BIV Tech Issue featuring the incredible companies and individuals who we honoured at the gala this Fall, as well as read some of the excellent articles featuring our members!

We are proud to play a part in the journey of our 1000+ members and provide resources that help their companies to grow and scale. We are thankful to have the support of so many BC tech leaders, innovators and investors in the BC Tech who have contributed their insights to our Scaleup Academy online and on-demand curriculum, which is available to all of our members & their employees.

We also are thrilled to see the enthusiasm of our members engaged in our C-Councils program, with over 347 individuals from our BC Tech member companies are now participating across our 12 councils. These impactful forums enable members to share insights and best practices, tackle challenges and learn from experts. All with one goal in mind: accelerating member success.

BC Tech is also a voice for the tech sector, and those industries enabled by technology, so advocacy is core to BC Tech's work. We will continue to work with all levels of Government to represent the interest of our members. Should you have an interest in getting involved, please email [hello@wearebctech.com](mailto:hello@wearebctech.com).

Lastly, BC Tech is fueled by industry and could not exist without your support. Thank you for being a member and please do encourage others in your network to get involved & join the community in the year ahead!!

Sincerely,
